

Minutes Jefferson County Historic Landmarks Comm.  
September 19, 1991

Present: Mrs. Craluis, Mr. Taylor, Mrs. Cagle, Mr. Miller.

In the absence of the Chairman Mrs. Craluis presided. She announced:

Mr. Miller as a new member of Commission.

Treasury report \$ 627.26.

There has been no word from the Planning Commission on the zoning law changes proposed.

Mr. Theriault will contact Dept. of Culture and History while in Charleston to remind them of the widespread interest in placing Shannondale Springs on the National Register.

York Hill will not be submitted for National Register nomination because the connection with Samuel Darke has been discredited and both house and barn restorations are incompatible with original architecture.

An update on Margan Springs.

Mrs. Cagle: suggested the Commission prepare a simple statement of procedure for the County Commission to follow in designating properties as landmarks - as requested by Mr. Morrow. Mrs. Craluis agreed to contact Rodney Collins for clarifications of certain items in code.

Reported a request by Herbert Jonkers that the Commission visit Blakeley to approve a project he wishes to construct on the property. It was agreed upon Sunday, September 22,

1:00 P.M.

Respectfully Submitted
