Describe Setting Boidstones Barn is located on what is today referred to as Boidestone's Place, off Shepherd Grade Road and Vandalia Lane outside of Shepherdstown. Other contributing structures on the property include a frame house, a log cottage, a tenant house, a stone dairy, a garage, a machine shed, a spray shed, and a cemetery. The plot of land is more than 200 acres, partially pasture and hay fields while the rest remains timberland.	
200+ Acres <input type="checkbox"/> Archaeological Artifacts Present	
Description of Building or Site (Original and Present) _____ Stories _____ Front Bays Boidstones main barn, built in 1835, is a two ½ story bank barn with wooden vertical board siding and log construction. The bank barn measures 78 feet long and 40 feet wide with a massive stone foundation/under story. Two log cribs flank the threshing floor. The barn has four stables and a large hay loft. It has a metal gable roof with a small gable dormer.
